SUMMARY

Motivated and detail-oriented Web Developer with a strong foundation in HTML, CSS, JavaScript, PHP, and MySQL. Currently developing practical experience through academic learning and personal projects, focusing on building responsive and user-friendly websites. Familiar with modern tools and frameworks including Bootstrap, React.js, and Laravel. Passionate about continuous learning and improving problem-solving skills to create efficient and visually appealing web solutions.

EXPERIENCE

Responsive Business Website

- Designed and developed a fully responsive website using HTML, CSS, and Bootstrap
 - Implemented modern UI layout and mobile-friendly design
 - Optimized page structure for better user experience
- 🔗 <https://github.com/umaimaN3/Football.git>

Dynamic Website with PHP & MySQL

- Built a dynamic website with user form handling and database connectivity
 - Implemented CRUD operations (Create, Read, Update, Delete)
 - Managed backend data using MySQL database
- 🔗 <https://github.com/umaimaN3/Sania-Henna.git>

Frontend Web Application

- Developed interactive UI using JavaScript
 - Added validation, dynamic content updates, and user-friendly features
- 🔗 <https://github.com/umaimaN3/Spotify-clone.git>

React / Laravel Practice Project

- Created basic components and routing using React.js
 - Learned backend structure and MVC pattern using Laravel
